Subject: Making Creative Thinking Visible — free, short online course

Dear students,

You are invited to participate in an online experimental course supported by the Ministry of Science and Technology in Taiwan. The experiment is conducted by Yu-chu Yeh, a distinguished professor at National Chengchi University and Jui-Ling (Raye) Chiang, a post-doctoral researcher at National Chengchi University in Taiwan. The purpose of this experimental course is to enhance college students' creative thinking.

Experiment location : online & asynchronous

Eligibility : The participants must fulfill all the following criteria

1. 18 years and above
2. Growing up in one of the following countries:
U.S.A., U.K., Canada, Australia, Ireland, South Africa, and New Zealand

Time and length : January 24th to February 13th, 2022 , with about 1.5 hours per week. Please see sign up link for details.

Compensation : Please see sign up link for details.

If you are eligible for this study and are willing to participate, please use the following link to sign-up the course: <https://www.surveycake.com/s/16z1K>

We will contact you a week before course starts. Please contact us at makethinkingvisible2021@gmail.com

If you have any questions about our research, we will be happy to walk through the questions with you.

Principal investigator: Yu-chu Yeh

Contact person: Jui-Ling (Raye) Chiang
